PUTTING IDEAS TO WORK

 Text Size 

What is it about?

Intellectual Property Rights (IPR) stimulate research, innovation, inventiveness and creativity. They help European business, and in particular small- and medium-sized enterprises (SMEs), to become more competitive.

The IPeuropAware project brings together two Europe-wide initiatives under one umbrella:

- a web portal created by the National Patent and Trade Mark Offices (NPOs) to provide information on their services for the end user

What is it about?

The Enterprise Europe Network is the largest network of contact points providing information and advice to EU companies on EU matters, in particular small and medium enterprises (SMEs). It provides practical answers to specific questions in your language, promoting competitiveness and innovation at the local level in Europe and beyond.

What's in it for you?

Whether you need information on EU legislation, help finding a business partner, want to benefit from innovation networks in your region or need information on funding opportunities, this is the place to start.

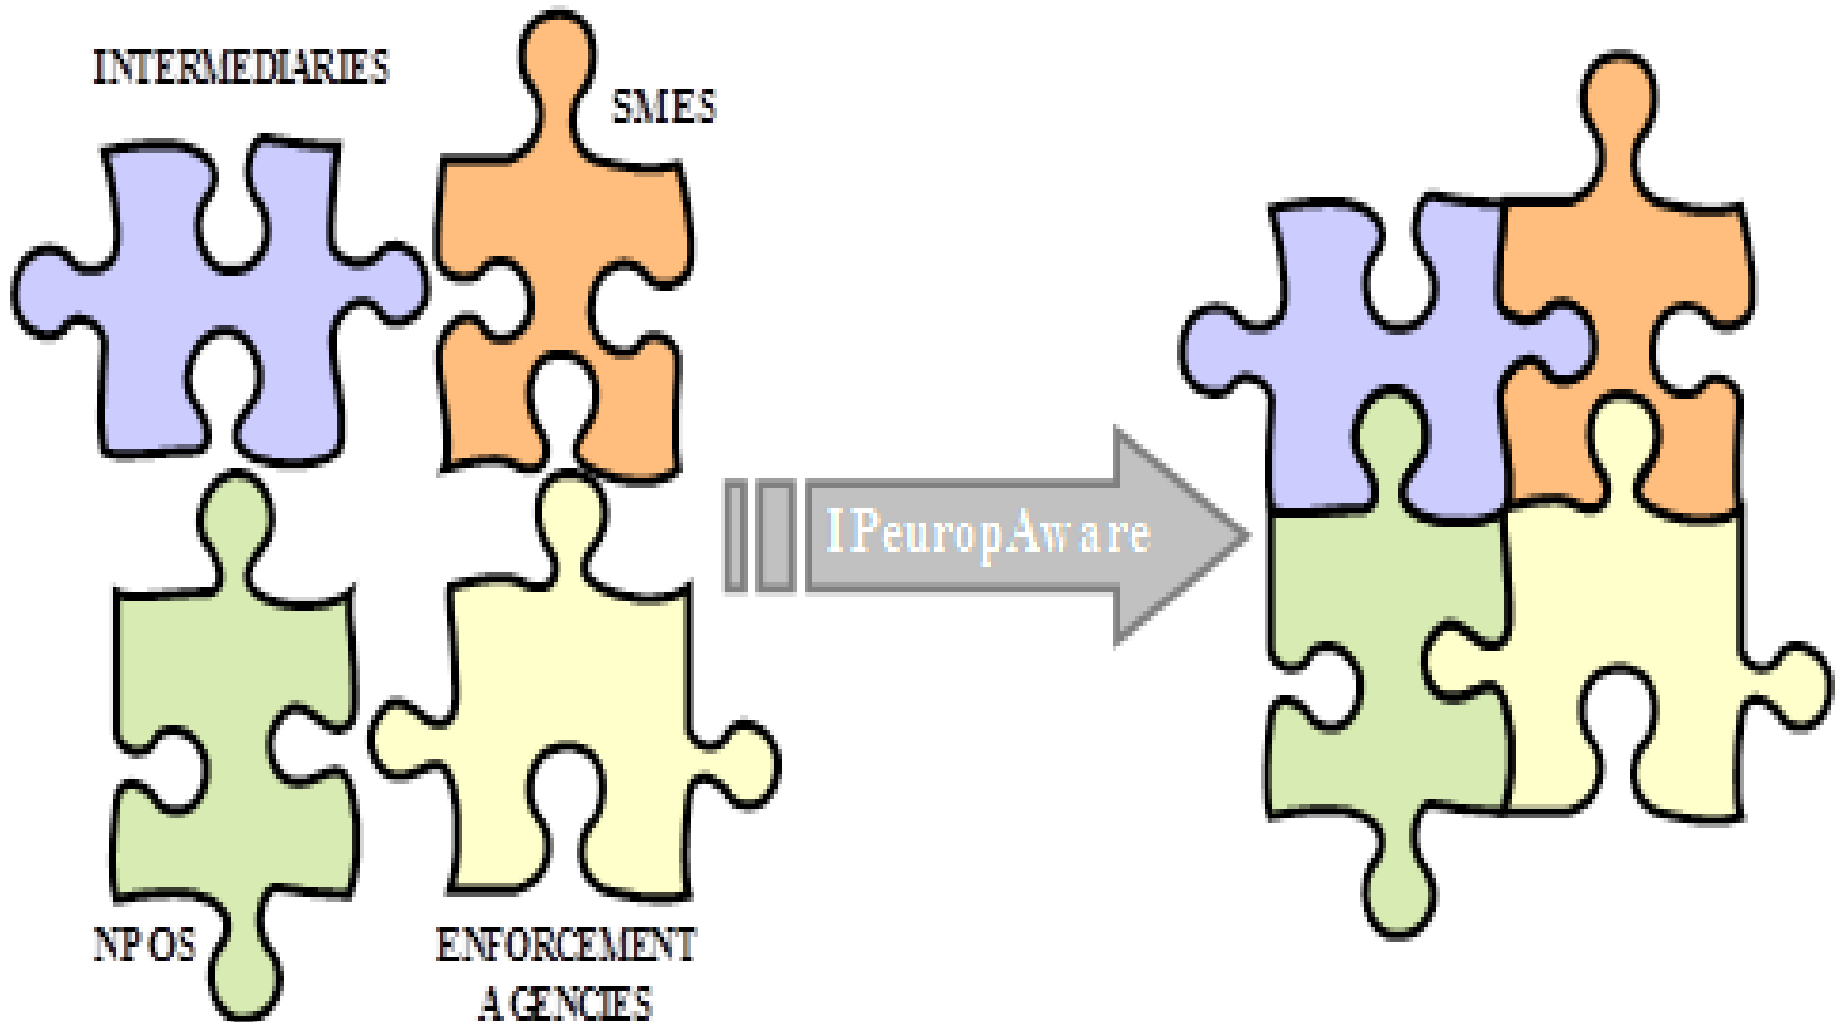

The network is made up of 600 local contact points employing a total of nearly 3 000 experienced staff spread around Europe. They are your contact points across Europe and beyond.

Most partners in the network are operated by consortia of qualified
